

Handwritten text in a stylized, decorative script, possibly a form of shorthand or a highly stylized cursive. The text is written in dark ink on a light-colored, textured background. The script features large, ornate capital letters and smaller, more compact lowercase letters, all connected by fluid, sweeping lines. The overall appearance is that of a historical document or a manuscript page.

I like to be beholden to the great metropolitan English speech, the sea which receives tributaries from every region under heaven. Mathematics possesses not only truth but supreme beauty — a beauty cold and austere, like that of a sculpture, without appeal to any part of our weaker nature, sublimely pure, and capable of a stern perfection such as only the greatest art can show

False facts are highly injurious to the progress of science, for they often endure long; but false views, if supported by some evidence, do little harm, for every one takes a salutary pleasure in proving their falseness.

Nature contains the elements in colour and form of all pictures, as the keyboard contains the notes of all music. But the artist is born to pick, and choose, and

## ATLAS

Don't be afraid  
to fall asleep with gypsies  
or run with leopards  
As travelers or highwaymen  
we should employ  
whatever kind of wheels it takes  
to make our lives  
go smoothly down the road.

And if you love somebody  
tell them.  
Love's a better roadmap  
for trucking down the years  
than Rand McNally ever made.

It was  
And what a time it was  
It was  
A time of innocence  
A time of confidences  
Long ago it must be  
I have a photograph  
I reserve your memories  
If they're all that's left you  
Simon and Garfunkel

Love  
The book is finished  
It's been beautiful  
Working and striving  
Always to extremes  
Each a tangible  
representation of time  
But, From Seventy lives. An  
empty  
Framming is part of us now  
The Book our dream  
Our idea of SHS  
But more  
It is an effort to convey  
The feeling of the times  
The peopleization  
of man  
It meant constant struggle  
Consider twenty very individuals  
 endeavoring to merge minds for  
The better book  
The book  
Roads to the stars  
The book is  
Not the end  
The end  
Finding another medium for  
that expression  
Moving on  
The end
